United States of America

Traveling in the United States is extremely easy; in a country where everyone seems to be forever on the move, there's rarely any problem finding a room for the night, and you can almost invariably depend on being able to eat well and inexpensively. If you do travel this way, there's a real temptation to see America as a succession of big cities. True enough, New York and Los Angeles have an exhilarating dynamism and excitement, and among their worthy rivals are New Orleans, the wonderfully decadent home of jazz, Chicago, a showcase of modern architecture, and San Francisco, on the beautiful Pacific bay.

Few other cities - with the possible, and idiosyncratic, exception of Las Vegas, shimmering in the desert - can quite match this level of interest, however, and following a heavily urban itinerary will cut you off from the astonishing landscapes that make the USA truly distinctive. Especially in the vast open spaces of the West, the scenery is often breathtaking.
